Common Illnesses

- Fever
- Cough, sore throat or laryngitis
- Diarrhoea / Vomiting
- Flu / Cold
- Sinusitis
- Rash and skin conditions
- Cold sores
- Headache
- Giddiness / Dizziness
- Red eye

Follow-up for Chronic Conditions

- Diabetes
- Hypertension
- Hyperlipidemia
- Other secondary diseases which may arise from conditions mentioned above (e.g. Ischemic Disease, Peripheral Artery Disease etc.)

For conditions that are not listed above, the doctor will assess your history, current symptoms and any other available documents to determine if your condition is suitable for a video consultation.

Please Note

For these treatments/medications, members should make payment to Doctor Anywhere first and submit a reimbursement claim via the MyHealth portal, using the receipt available on the DA app.
